ORDER

Maritime one-stop shop

Transparency

Get the right part when you need it. ShipSupport provides **prices, availability** and **shipping times** for a rapidly growing assortment of over 200,000 items by over 100 A-brands. So you can search for the product you need, know exactly when it will arrive and how much it will cost.

Worldwide delivery

With support from our global partners, we provide the option to **order any maritime part** to be **shipped anywhere** in the world.

Quality goes a long way

Our **high-quality products** have been carefully selected to match your needs and we offer a wide range of trusted brands.

CUSTOMISE

Fleet management

With ShipSupport, you can always be sure that you are getting the right part for your vessel. Let us know the structure of your ship and we'll provide you with a tailored product catalogue. So you can order the correct parts directly, and access vessel-specific documentation, such as installation manuals and drawings, all in one place.

CONNECT

Digital community

ShipSupport connects IHC specialists, suppliers, global partners and industry experts. Read all about maritime success stories, as well as receive maintenance suggestions, product recommendations and future developments.

By exchanging knowledge, our community members help each other to get the most from their vessels and equipment.

Use ShipSupport to minimise downtime, reduce costs and connect with the experts in your industry.
