

Introduction to dredging

The Introduction to dredging training is designed to gain complete insight in the dredging field. Expect subjects such as dredging, port maintenance and reclamation projects to be tackled during this two-day introduction course.

Target audience

The training will be beneficial for people working for governments, port- and harbour authorities, offshore companies, construction companies, dredging companies and other organisations. The training will cater to both technical and non-technical professionals. No previous knowledge of dredging is required.

Training topics

Introduction

- definition
- history
- market.

Market segments

- port maintenance
- land reclamation
- dredge mining.

Dredging equipment and components

- Trailing Suction Hopper Dredgers (TSHD)
- Cutter Suction Dredgers (CSD)
- auxiliary dredging equipment.

Dredging projects

- phases of a project
- analyses of tender documents
- role of risk inventory and constraints inventory
- selection of main dredging equipment.

Dredging organisations

- organisations and departments
- roles and functions in the dredging industry.

Learning goals

After completing the training, the participant is able to:

- give an overview of different dredging projects and dredging equipment
- select dredging equipment based on project types and soil characteristics
- identify the dredging constraints and perform risk inventory related to (pre) tender documents
- prepare a bid, based on project constraints, equipment constraints and other, for a dredging project.

Course material

Participants will receive a memory stick of the presentations including extensive background information of the dredging industry.

Certificate

Participants will receive a certificate of participation after the training.

Language

English

Location

The training is held at the IHC Training Institute in Kinderdijk, the Netherlands – right at the Royal IHC construction yard.

(Depending on health regulations, trainings may be held digitally)

Training fee

€950,- per person. Full payment of the training fee must be transferred into our bank account at least two weeks prior to the start of the course.

(This fee includes tuition, lunch and refreshments during all training days. Not included are costs such as airport transfers, hotel accommodation, meals, etc.)

Cancellation

- cancellation up to 14 days prior to the training: 10% of the fee will be charged
- cancellation between 14 days prior until the day before the start of the training: 50% of the training fee will be charged
- cancellation on or after the starting date of the training: full training fee will be charged.
