

# Royal IHC and Egyptian MOD sign contract for another 10 IHC Beavers®

PRESS RELEASE

Royal IHC has secured an order from the Engineering Authority at the Egyptian Ministry of Defence (MOD). The contract builds on the excellent partnership and comprises the construction of 10 IHC Beaver® 45 Cutter Suction Dredgers (CSDs) and two Delta Multi Craft (DMC) 1450 work boats. IHC will also provide a comprehensive training package for crew and staff.

*“This order follows last year’s order for the first 10 CSDs and confirms the success of our dredging partnership for the maintenance of Egypt’s lakes and waterways. We are pleased to continue working with MOD,”* says IHC’s Commercial Director, Rogier Kalis. *“Our regional services organisation will continue to provide 24/7 life cycle support to the growing installed base of IHC dredgers in the country.”*

### **Profile Royal IHC**

In an ever-changing political and economic landscape, Royal IHC enables its customers to execute complex projects from sea level to ocean floor in the most challenging of maritime environments.

We are a reliable supplier of innovative and efficient equipment, vessels and services for the offshore, dredging and wet mining markets. With a history steeped in Dutch shipbuilding since the mid-17th Century, we have in-depth knowledge and expertise of engineering and manufacturing high-performance integrated vessels and equipment, and providing sustainable services. From our head office in The Netherlands and with 3,000 employees working from sites and offices on a global basis, we are able to ensure a local presence and support on every continent.

Dredging operators, oil and gas corporations, offshore contractors, mining houses and government authorities all over the world benefit from IHC’s high-quality solutions and services. With our commitment to technological innovation, in which sustainability and safety are key, we strive to continuously meet the specific needs of each customer in a rapidly evolving world.
